

EASY-LASER®

The Easy Laser3-in-1 alignment kit includes our highly acclaimed D480 shaft alignment tool, the D90 belt alignment tool, and the Easy-Laser Vibrometer vibration measurement tool. The normal price for these items is \$12,569.00 but for our year-end special we are offering them for \$ **9,995.00** until January 1st 2010.

This new kit provides shaft alignment, belt alignment and vibration measurement all in one easy package.

The D480 shaft alignment kit includes our *Easy-Turn (only 40 degrees of rotation)* Horizontal program and Machine Train alignment, as well as programs for Softfoot check, Vertical machine alignment and more.
